# ELEVATE YOUR PROJECTS WITH STEEL

THE COMPLETE STEEL  
STRUCTURAL BUILDING

In Corporation with

IBR APPROVED COMPANY

# About Us

**CORBAL** Steel Engineering has been a pioneer in the steel industry for over 3 years, with collaborate 35 years of ceekee engineering. Delivering exceptional engineering solutions. Founded on principles of innovation and integrity, our company has grown from a small local firm to an internationally recognized leader in steel engineering. We specialize in designing and constructing cutting-edge steel structures, including high-rise buildings, bridges, and industrial complexes. Our dedicated team of engineers, designers, and project managers work collaboratively to ensure every project meets the highest standards of quality and safety.

## ADVANTAGE OF STEEL STRUCTURES

**High Strength-to-Weight Ratio**

**Durability & Design Flexibility**

**Speed of Construction**

**Cost-Effectiveness**

**Consistency and Quality**

**Investment**

## WHY IS STEEL STRUCTURE..?

Steel structures are preferred for their exceptional strength, durability, and versatility. They enable innovative designs, are cost-effective due to reduced maintenance and faster construction, and contribute to environmental sustainability through recyclability. Their safety features make them ideal for disaster resilience, and their modern aesthetic appeals to contemporary architecture. These advantages make steel a top choice for diverse construction projects.

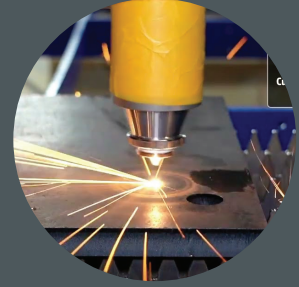

## OUR SERVICES

**Pre- Engineering  
Buildings**

**Pre- Fabricated  
Beams**

**Laser Cutting**  
(25 mm Thickness)

**Metal Plate  
Folding**  
6 mtr Length

**All Type Of  
Steel Fabrication**

**Automatic  
Welding  
Processs**

**DURABILITY  
YOU CAN TRUST  
STRUCTURES  
YOU CAN  
RELY ON**

## MULTI STORIED STEEL BUILDINGS & PEB

Pre Engineered Building can be as unique as customer needs. Pre Engineered buildings are the state of art steel solutions to develop an efficient and cost effective infrastructure. PEB's offer ultimate design flexibility and an extremely short constructions time. PEB's are supplied to site as fully finished products as structure. Only bolting connections required at site.

## STEEL STRUCTURE SUITABLE FOR
